**Site 3:** Robert C. Byrd Clinic; Lewisburg, WV

**Site 4:** Charleston Area Medical Center, Charleston, WV

**Site 5:** Raleigh General Hospital, LLC; Beckley, WV

**Site 6:** Rheumatology; Beckley, WV

**Required Rotations:** Neurology, Rheumatology, Podiatry, Radiology, Inpatient ONMM Consult Service (only 1 block required in ONMM year 1), Pain Medicine, Inpatient Internal Medicine, OB/Gyn, Pediatric Inpatient, Inpatient Night Medicine, Emergency Medicine, General Surgery, Orthopedic Surgery, Research, Family Medicine, ONMM Outpatient (only required for years ONMM 2 and 3)

**Elective Rotations:**

**GVMC/RCBC:** Night Inpatient Medicine, Pediatric Pulmonology ONMM (outpatient), OB/Peds OMM (outpatient), ONMM Inpatient Consult Service, Academic Medicine, ONMM outpatient (two blocks of OMM elective permitted in year 1, typically one inpatient), Continuity Clinic

**CAMC:** Orthopedic Trauma Surgery

**VA electives:** Psychiatry, PM&R, Integrative Medicine, Pulmonology, Podiatry, Dermatology, Emergency, General Surgery

\* All rotations are longitudinal and require a minimum of 100 hours.

\*Vacation: Longitudinal. Residents are allocated twenty-one (21) days of vacation in addition to 5 days of wellness days each academic year and must follow sponsoring institutional policies regarding their use.

- Residents may complete the equivalent of ONE away rotation in the second and third year with Program Director/DIO approval.
- Continuity Clinic is routinely scheduled to allow for an average of three (3) half days over 12 of the blocks, up to (4) half days. The 13<sup>th</sup> block is designated for vacation and therefore does not include clinic time. Research and inpatient rotations will have 3 half days scheduled. First years have an average of (1) half day of ONMM clinic per week spread over the year.
- Electives listed with variable clinic half days allow residents to get appropriate clinic time if they are unable to during an away elective.
- All rotations are supervised by boarded physician faculty, or non-physicians with board certifications in their specialties.
